

EPA Approved Water Pumps

5.5 HP Water Pump

6.5 HP Water Pump

2.0 hp Portable water pump

Features	<p>5.5hp OHV Engine 163 CC Displacement 2" Inlet and out inside diameter Recoil Start 85 Feet Head Lift 2" Solid Handling Direct Drive System Flow (GPH): 9000 3600 Engine Speed 1 Gallon Fuel Tank Capacity 3.5 Hours Run Time per Tank 18.7" x 152" x 17.7" Dimensions 2.4 Hours Continuous Operation Pump lift(m): 26/85 Output Height (L/min)(gal/min): 550/145 26 Feet Suction Height 2.7" x 1.8" Bore & Stroke 8.5:1 Compression Ratio Economy Centrifugal, Self-Priming Pump 150 Gal/min Discharge Capacity 35.5 PSI Maximum Pressure</p>	<p>6.5hp OHV Engine 196 cc Displacement 3" Inlet and out inside diameter Recoil Start 92 Feet Head Lift 3" Solid Handling Direct Drive System 330 GPM Maximum Flow 3600 Engine Speed 1.6 Gallon Fuel Tank Capacity 3 Hours Run Time per Tank 20.3 x 15.2 x 17.7 Dimensions 2.4 Hours Continuous Operation Pump lift(m): 28/92 (L/min)(gal/min): 1000/264 Output Height suction height(m): 8/26 Suction Height 2.7" x 2.13" Bore & Stroke 8.5:1 Compression Ratio Economy Centrifugal, Self-Priming Pump 264 Gal/Min Discharge Capacity 45 PSI Maximum Pressure Inlet strainer, Hose Clamps, Hose Joint, Hose Coupling, Coupling Gasket Included</p>	<p>Power: 2.0hp 63cc 50:1 Air cooled 2 stroke engine Inlet and outlet diameter: 1.5 inch Pump lift: 72 ft Max pump output: 44 gal/min Fuel tank capacity: 0.44 Gallon 3 Hours run time per tank Dimension: 15"x12.6"x13" Suction height: 22 ft Includes inlet strainer</p>
	1 Year Limited Warranty
