

MP-352.4

4-Stroke water pump

Powerful, solid and quiet 4-Stroke engine with few emissions. Ideal for watering gardens and other landscapes where no electric power is available.

Technical specifications

Displacement	33.5 cc (2.04 cu. in)	Max suction lift	8.0 m (26.0 ft)
Fuel tank capacity	0.65 l (22 oz)	Total Head	45.0 m (148.0 ft)
Max pumping capacity	130.0 l/min (34.2 gal/min)	Net weight	7,5 kg (16,5 lbs)

- Powerfull 4-Stroke-Engine
- Runback protection at suction part
- Mounting plate with vibration damping
- Easy accessible spark plug, oil and fuel openings
- Throttle for easy adjustment of flow-rate
- Filler neck for priming
- Bow-type handle
- Drain screw for easy draining - avoids oxidation
