

HYDRAULIC POWER PACKS

- ① **Skid**
Skid mount units securely mount to your trailer or application - easily transportable using fork lift
- ② **Filter and Relief Valve**
Spin-on hydraulic return filter with indicator - system relief valve
- ③ **Powerful**
Powered by Honda GX commercial engines - delivers power and dependability when and where you need it

- ④ **DrainzIt Standard**
DrainzIt oil changing aid standard on all units - change oil without the mess
- ⑤ **Features Standard**
Large hydraulic oil tank with sight and temperature gauge, control valve, and quick disconnect couplings

Filter Indicator Gauge
Filter indicator gauge to show when the system needs service

Oil Level Gauge
Oil level sight gauge with temperature indicator helps protect your system from damage caused by low fluid levels or high temperatures

Commercial-Grade Engine
Powerful Honda engines provide reliability

Premium Components
Units come standard with control valve and quick disconnect couplings (HBHR280GX, HBHR350GX)

SKID

HBHS600GXE

Engine Brand	Honda GX630
Engine Starter	Electric
Engine Displacement	688cc
Pump Flow	9.0 GPM
Pump Displacement	.66 CIR
Pump Ports	Inlet: 1-1/16-12 Orb Outlet: 7/8-14 Orb
Hydraulic Tank Capacity	19.2 Gallons
Hydraulic Tank Material	12 Gauge Steel
Hydraulic Tank Drain Port	3/4" NPT
Hydraulic Relief Valve PSI	3,000 PSI
Directional Control Valve Type	Optional Kits Available
Wheel Kit	N/A
Weight	368 lbs Dry
Dimensions (LxWxH)	48" x 24.5" x 43"
Consumer Warranty	2 Year Limited
Commercial Warranty	2 Year Limited

SKID

HBHS610GXE

Engine Brand	Honda GX630
Engine Starter	Electric
Engine Displacement	688cc
Pump Flow	12.0 GPM
Pump Displacement	.88 CIR
Pump Ports	Inlet: 1-1/16-12 Orb Outlet: 7/8-14 Orb
Hydraulic Tank Capacity	19.2 Gallons
Hydraulic Tank Material	12 Gauge Steel
Hydraulic Tank Drain Port	3/4" NPT
Hydraulic Relief Valve PSI	2,250 PSI
Directional Control Valve Type	Optional Kits Available
Wheel Kit	N/A
Weight	368 lbs Dry
Dimensions (LxWxH)	48" x 24.5" x 43"
Consumer Warranty	2 Year Limited
Commercial Warranty	2 Year Limited

SKID

HBHS620GXE

Engine Brand	Honda GX630
Engine Starter	Electric
Engine Displacement	688cc
Pump Flow	14.0 GPM
Pump Displacement	1.02 CIR
Pump Ports	Inlet: 1-1/16-12 Orb Outlet: 7/8-14 Orb
Hydraulic Tank Capacity	19.2 Gallons
Hydraulic Tank Material	12 Gauge Steel
Hydraulic Tank Drain Port	3/4" NPT
Hydraulic Relief Valve PSI	2,000 PSI
Directional Control Valve Type	Optional Kits Available
Wheel Kit	N/A
Weight	368 lbs Dry
Dimensions (LxWxH)	48" x 24.5" x 43"
Consumer Warranty	2 Year Limited
Commercial Warranty	2 Year Limited

LOOP HOSE KIT
ITEM # 1158286
Ideal for connecting supply and return couplers in a "loop" which is necessary to start the hydraulic power unit when not coupled to any implement or application.

QUICK DISCONNECT COUPLER KIT
ITEM # 1158284, # 1158285
This coupler kit is ideal for ease of connecting and disconnecting pieces of equipment or implements that have hydraulic valves.

VALVE KIT FOR SKID MOUNTS
ITEM # 1158287, # 1158288, # 1158289, # 1158290, # 1158292
Ideal choice for a frame mounted 3-position 4-way directional control valve with integral relief valve.

HYDRAULIC COOLER KIT
ITEM # 1158293
Ideal for applications that are more continuous and demanding. It's designed to remove heat from the hydraulic oil utilizing a 12V DC fan and special wire harness that turns the fan on when the oil temperature reaches 145°F.

ACCESSORIES

ITEM #	DESCRIPTION
1158287	Valve Kit for Skid Mounts (Fits HBHS620GXE)
1158288	Valve Kit for Skid Mounts (Fits HBHS610GXE)
1158289	Valve Kit for Skid Mounts (Fits HBHS600GXE)
1158290	Valve Kit for Skid Mounts (Fits HBHS310GX)
1158292	Valve Kit for Skid Mounts (Fits HBHS300GX)
1158293	Skid Frame Hydraulic Cooler Kit (HBHS600GXE, HBHS610GXE, HBHS620GXE)
1158284	Quick Connect Coupler Kit (Fits HBHS300GX, HBHS310GX)
1158285	Quick Connect Coupler Kit (Fits HBHS200GXE, HBHS610GXE, HBHS620GXE)
1158286	Loop Hose Kit (Fits HBHS300GX, HBHS310GX, HBHS600GXE, HBHS610GXE, HBHS620GXE)
